Mr Wm Lloyd Garrison:-

Honorable Sir,

Esteeming you, as you have always been a benefactor of our race, I feel it a grand pleasure to drop you a few lines touching our <sup>future</sup> welfare. Are there any advantages to be gained to us as a race, by emigration to Africa? Or in brief, what advice would you give touching the now popular theme — African Emigration? I am in possession of a postal from our worthy "Exponent" Hon. Fred Douglass. He & I discountenance the movement, and thinks the conditions here, in the land of our birth, are more favorable than elsewhere. Honored Sir, your views upon this subject will be highly appreciated. I am yours Truly,

Thomas H. Brown, B4 113.
